

King Burt sat on the home-run throne  
And blinked a jealous eye;  
While in a proud and haughty voice  
He asked: "Who is this guy?"

# Glassies Playing Watson Building Team

They say his name is Harry  
Fitch;  
A heavy weight he,  
Who dares to try to get as many of  
These circuit clouts as me."

## OLD RIVALS BATTLE FOR TOP PLACE

Interest in Game High and  
Big Crowd Attends the  
Contest.

With indications this morning that perfect baseball weather will prevail for the game this afternoon between Monongah Glass and the Watson Building at South Side park at 3 o'clock, a record crowd will likely watch this contest between old time rivals. There is probably no baseball battle staged in this section of the state that brings keener rivalry than a game between these two teams and fans and players are tuned up for the event. It is expected that the Watson-Bleschers and available space on the side lines will be filled with wild baseball bugs. Watson Building with their formidable array of baseball talent, representing some of the best semipro talent in the district, rules a very slight favorite in the game today, but Monongah Glass are every likely to upset the dope. The Glassies always can be depended upon to put a very classy game against the Watson bunch, and they will not likely overlook any bets in trying to beat the contest this afternoon.

A squad of men under the direction of President Bohler of the city league were working on the field this morning and have it in perfect condition for the big contest. The batteries were not officially announced this morning, but it was thought a sure thing that Trader would do the hurling for the Watson Building with two or three others in reserve, while Monongah Glass has Long Ray and Seaman available for the battle.

Watson Building and Monongah Glass fans will be out in full force and a great rooting match is on tap. The Glass fans are the most loyal in the league and will give the team full support.

## Sport Chat

The old Pitt Panther clawed into West Virginia again yesterday, taking over the Varsity in a baseball game at Morgantown by the score of 4-2. Harry Stansbury's account says it was a poor game. Well, we are neutral, we don't care who Pitt wallops.

"Doc" Barnes will buy himself a new hat today and kid Toothman for a month. The old boy knocked a clean home run last night. Congratulations "Doc". Many more of them for you in our wish, but not against the Prints.

Got a new National league leader. Cabs now heading the race.

Wonder how long Ban Johnson will get Shawkey down for on account of his attack on an umpire the other day. Probably will get 30 to 60 days at least. Should be suspended for the season and fined \$2500.

Frank Parker pitched great ball last night but was forced to retire on account of a sore arm.

Stewart played another nice game in the field and at bat robbed Barnes of a hit first time "Doc" was up by putting a line drive off his shoe-strings.

Just before Parker went out of the game he whaled one to the center field fence for three bases. It was a corking good hit. He scored on Stewart's infield hit.

Shriver was not holding the pitcher up right last night. He was dropping to many balls.

Fairview closed the season yesterday by defeating a team from Fairmont Normal 11-7. Boyer's men won all their games this season.

Mennington high won from Joeltown yesterday 12-8 in a loose game.

Great day for a great game such as the Watson Building and Glassies.

Got a lot of guys will have a sore throat tonight.

And a weak pocketbook.

And everything.

These are some of the sure results of a battle between the Glassies and the Coal Barons.

## RARE BIRDS

## HOW THEY STAND

### CITY LEAGUE.

**YESTERDAY'S RESULTS.**  
West Virginian, 6; Stevenson, 6; seven innings; called on account of darkness.

## Good Games On For the Fans

One of the big baseball games of the season will be played at South Side park Monday afternoon at 3 o'clock, when the fast Ida May team and the Overland club will battle. It is understood that a big league battery will like be seen in action in this contest. Great plans are being made for the game and it is certain to attract a large crowd. Both the contesting teams have a fast array of players, and the contest should make the holiday afternoon a very pleasant one for the fans of this section.

Good games are on in other places for Sunday and Monday. The Consumers play Ida May tomorrow afternoon at Blackshere park and Norwood on Monday. Bellaire plays Monongah tomorrow and Montana. Mines will play there on Monday. The Montana bunch will play Hutchinson tomorrow at Montana.

**BIG MONEY NOW.**  
ST. LOUIS—Jack Lawler's string of victories in the lightweight division has put him in a position to sell his services high. He is asking \$6000 to box Tendler.

## PRINTS UNABLE TO BREAK TIE

Small Crowd Sees Good  
Game at South Side  
Park on Friday.

Darkness put an end to the struggle between the Wholesalers and the Prints last evening at South Side park, the game being called at the end of the seventh inning with the count 6-6. The Prints should have won the game but loose work on the part of Shriver and Bill Ridgely, together with a misinterpretation of rule 36 by the umpire resulted in a deadlock. The Profitteers scored two in the fourth on two sacrifice flies after loose work by the Prints' catcher had moved the men around to third and second with none out. The Prints came back in the fifth with six hits and six runs. In the sixth the Stevenson bunch added three more mainly through a home run drive by "Doc" Barnes. In the seventh with two out and a man on third, Ridgely fumbled an easy roller at shortstop and the wholesalers tied the count. In the last half of the seventh the Prints had men on second and third and only one out but neither Miller nor Ridgely could produce the needed hit to win the game.

We may be wrong in our interpretation of rule 36 but we think just now umpire, Grimes was in error. With a man on first for the Wholesalers the batter hit one between first and second and the base runner was out, being hit by the ball. In tossing the ball to first, Toothman threw wild and Grimes allowed the batter to take second, but according to our impression of rule 36 the ball was dead as soon as it hit the runner going between first and second and could not be put in play until it had been returned to the pitcher in his legal position in the box. Rule 36 reads: In case of an illegally batted ball, a balk, foul hit ball not legally caught, dead ball, interference with fielder or batsman, or fair hit ball striking a base runner or umpire before touching a fielder, the ball shall not be considered in play until it is held by the pitcher standing in his position and the umpire shall have called "Play." In a footnote to the rule Spalding's guide gives one specific example covering all the points of the rule, and seemingly Umpire Grimes overlooked a bet. We may be wrong, but we are from St. Louis in the matter. The score:

WHOLESALERS—AB R H P A E										
Knight ss	4	0	1	6	1	0				
Carpenter 3b	4	1	0	0	1	3				
Barnes 1b	4	2	1	3	0	2

Three base hits—Parker; Home runs Barnes; Sacrifice hits—Harold, Toothman, 2, Snoderly, Ridgely; Sacrifice flies Flaherty, Kirk; stolen bases—Knight, Morris, arrest; double plays—Snoderly to Ridgely to Miller; Left on bases—Wholesalers 3; West Virginians 5; first base on errors—Wholesalers 6; West Virginians 3; first base on balls—off Harold 1 (Ridgely); off Parker 1 (Morrison); struck out by Harold 3 (Miller, Garrett, Deever); by Ashby 1 (Shriver); Parker 2 (Knight, Harold); Springer 2 (Kirk Ashby).  
Hits apportioned—Off Harold 6 in 4 1-3 innings; off Parker 3 in 5 innings; off Ashby 2 in 2 2-3 innings; off Springer 3 in 2 innings.  
Wild pitches Parker.  
Umpire Grimes.

## Will Drive Overlands From the Factory

A party of men from the Fairmont Motor Car company left Friday night for Toledo, Ohio, to bring back several more of the small Overland Four's.

## Studebaker Cars Do A Real Movie Stunt

Because of the freight car shortage, three purchasers of Studebaker cars decided to drive their automobiles over the road from Detroit to Olean, N. Y. Upon reaching Conneaut, O., they were informed that the road between that town and Erie, Pa., was impassable. They decided to adopt the only other alternative of driving over the interurban tracks. They waited until 2 p. m. when the interurban cars stopped running, and started upon their way to Erie over the ties. Following each winding and twisting of the car tracks, the Studebakers pulled up long grades, turned sharp curves, or skimmed over the straight-away, until the trestle of Crooked creek was reached. Here the supreme difficulty, traversing the narrow bridge, presented itself. Below the drivers and their cars were eighty feet of space.

After a consultation it was decided that to go back was impossible; so, turning one wheel just inside the track and the other just outside, the trip across the bridge was made. In riding their cars and themselves, the pilots depended upon the absolute sureness of the steering mechanism and the easy-riding qualities of the cars. The feat was accomplished without a mishap and the party continued on its way to Erie after spending an adventurous hour.

**GIVING SCORE CARDS.**  
The local U. S. Marine Corps, Recruiting station at No. 202 Main street, has received a large supply of baseball score cards, which are now ready for distribution. Any league team, in fact all baseball players and fans are welcome to a supply of the cards upon writing or calling at the recruiting station. The score card is a well made up one, being made out of card board instead of the usual thick paper.

## The Supremacy of Stamina

More than a year's abuse in seven days and not a flaw

STAMINA! 5,452 miles in a week. 32½ miles per hour, elapsed time. Continuous day and night driving on country roads, rough and frozen. This remarkable record made by Overland at Indianapolis is just another proof of Overland Serviceability and the extraordinary riding qualities of Triplex Springs.

The gasoline record at 32½ miles per hour was 20.24 miles per gallon

The Story that Service Records Tell about the

# CHALMERS

Hot Spot and Ram's-horn

A business man walked into a Chalmers store: "If you will let me examine the service records of the Chalmers for the last three years I will tell you whether or not I will buy a car from you."

The records were laid before him. He bought a Chalmers. Three years ago Hot Spot and Ram's-horn were first used in a Chalmers.

In that period replacements per car per year have become a remarkably small item.

For Hot Spot and Ram's-horn, by their ingenious ways of preparing the inferior "gas" of the day for combustion, have built up a series of virtues:

- 1—They get more power out of low grade "gas."
- 2—They get smoother power.
- 3—They prevent the frequent fouling of spark plugs.

4—They prevent raw "gas" from trickling down past the pistons into the crankcase. (Thus the lubricating oil is not thinned out and such troubles as burned bearings and scored cylinders are not ably absent.)

5—They reduce vibration. Not only does a Chalmers run smoothly, but this smoothness is a continuous performance.

Hence repairs are small and replacements infrequent.

The service records denote a diminishing influence in Chalmers cost, and in the meantime the obvious result has been increased impetus to sales.

That is but another reason for that daily growing impression that Chalmers is one of the few great cars of the world.
